

SUBJECT AND AUTHOR INDEX

VOLUME XIX

Aerolichas.....	72
Aerolichas (?) shideleri.....	73
Actinoceras amundseni.....	289
cf. tenuifilum centrale.....	295
parksii.....	297
sp.....	287, 291, 292
tenuifilum.....	284
tenuifilum centrale.....	293
tenuifilum ursinum.....	296
"Additional Notes on Brassfield Echinodermata." By Frank Springer....	81
Alidade, adjustment of the.....	137
care of the.....	141
description of the.....	98
manipulation of the, curvature and refraction.....	135
to determine bearing.....	105
to determine differences in elevation.....	120
to measure distance.....	111
Alunite.....	39
"America's Advance in Potash Production." By W. C. Ebaugh.....	33
Amphilichas cucullus.....	214
Bathyurus spiniger.....	222
Beatricea gracilis.....	195
Botryocrinus.....	21
Brockocystis nodosarius.....	5
Bumastus holei.....	214
rowleyi.....	215
Calymene abbreviata.....	74
breviceps.....	78
cedarvillensis.....	78
niagarensis.....	78
sp. (Lorraine form).....	75
sp. (West Union form).....	77
retrorsa minuens.....	76
Calyx of unknown species of crinoid, base of.....	14
CASTLE, WILLIAM E. "Education for Scholarship".....	225
Ceraurinus cf. trentonensis.....	216

Ceraurus cf. bispinosus.....	216
plattinensis.....	217
CHAMBERLAIN, CLARK W. "Foreword".....	1
Clarkoceras holtedahli.....	261
Clidochirus.....	15
Clidochirus ulrichi.....	17
Clitambonites cf. diversus.....	196
Comarosystites shumardi.....	195
Conularia.....	210
Conularia heymani.....	208
Cornulites flexuosus.....	195
"Crinoid" stem, coiled.....	10
Ctenodonta of gibberula group.....	205
Cyclendoceras annulatum.....	299
Cyclendoceras or Dawsonoceras.....	301
Cyrtolites ornatus minor.....	206
"Cytology of the Sea-side Earwig, Anisolabis maritima Bon." By Sidney I. Kornhauser.....	234
Deltoceras (?) sp.....	272
Dimeroocrinus (?) vagans.....	13
Diploid chromosomes of Anisolabis maritima Bon.....	238
EBAUGH, W. C. "America's Advance in Potash Production".....	33
"Echinodermata of the Brassfield (Silurian) Formation of Ohio." By Aug. F. Foerste.....	3
"Education for Scholarship." By William E. Castle.....	225
Ellesmeroceras scheii.....	265
Enerinurus hillsboroensis.....	80
ornatus.....	79
Endymionia bellatula.....	218
Eremoceras syphax.....	263
Euconia (?) quebecensis.....	260
Eurystomites (?) boreale.....	302
FOERSTE, AUG. F. "Echinodermata of the Brassfield (Silurian) Formation of Ohio".....	3
—"Notes on Arctic Ordovician and Silurian Cephalopods; Chiefly from Boothia, Felix.—King William Land, Bache Peninsula, and Bear Island".....	247
—"Notes on Isotelus, Aerolichas, Calymene, and Enerinurus".....	65
—"The Kimmswick and Plattin Limestones of Northwestern Missouri".....	175
"Foreword." By Clark W. Chamberlain.....	1
Gonads of Anisolabis maritima Bon.....	237
Graphic recording of speech vibrations: new types of apparatus.....	90
Graphic recording of speech vibrations; the perfecting of existing types of apparatus.....	83

Holopea cf. concinnula.....	206
cf. parvula.....	207
Hormotoma gracilis angustata.....	207
(?) major.....	207
Hyalithes baconi.....	211
miseneri.....	212
Isotelus brachycephalus.....	65
KELLOGG, ROBERT JAMES. "Some Suggested Experiments for the Graphic Recording of Speech Vibrations".....	83
Kionoceras holtedahli.....	273
kentlandense.....	277
laqueatum.....	273
sp.....	276
trentonense.....	275
KORNHAUSER, SIDNEY I. "The Cytology of the Seaside Earwig, anisolabis maritima Bon. Pt. 1.".....	234
Lepadocystid, an unknown Brassfield.....	9
Leurorthoceras chidleyense.....	282
hanseni.....	278
LEWIS, THOMAS A. "Psychological Factors in Vocational Guidance".....	147
Maclurina manitobensis.....	207
Maclurites.....	208
MATHER, KIRTLEY F. "Revolution vs. Evolution: The Paleontologist Renders His Verdict".....	307
— "The Manipulation of the Telescopic Alidade in Geologic Mapping".....	97
MATHER, KIRTLEY F. AND MEHL, MAURICE G. "The Importance of Drainage Area in Estimating the Possibilities of Petroleum from an Anticlinal Structure".....	143
Mcewanella.....	197
Mcewanella raymonde.....	198
MEHL, MAURICE G. See Mather and Mehl.....	143
— "Some Factors in the Geographic Distribution of Petroleum.....	55
— "Some Suggestions for Indicating Drilling Operations".....	169
"The Use of Models in the Interpretation of Data for Determining the Structure of Bedded Rocks".....	157
— "The Use of Outline Charts in Teaching Vertebrate Paleontology".....	47
Mesopalaeaster (Hemipalaeaster) schucherti.....	22
Myelodaetylus (Eomyelodaetylus) rotundatus.....	19
Nilus sp.....	219
"Notes on Arctic Ordovician and Silurian Cephalopods; Chiefly from Boothia Felix—King William Land, Bache Peninsula, and Bear Island." By Aug. F. Foerste.....	247
"Notes on Isotelus, Acrolichas, Calymene, and Encrinurus." By Aug. F. Foerste.....	65

Orthoceras sp.....	305
with vertical color bands.....	212
Parallelodus obliqua.....	206
Parastrophia hemiplicata.....	198
Platystrophia shepardi.....	199
Platymerella manniensis.....	223
Potash, Inorganic sources of.....	37
Organic sources of.....	41
Proetus undulostriatus.....	219
Protocycloceras cf. lamareki.....	270
lamareki.....	269
whitfieldi.....	270
"Psychological Factors in Vocational Guidance." By Thomas A. Lewis...	147
Pterygometropus cf. lincolnensis.....	220
Rafinesquina deltoidea.....	200
Remopleurides missouriensis.....	220
"Revolution vs. Evolution: The Paleontologist Renders His Verdict." By Kirtley F. Mather.....	307
Rhynchotrema rowleyi.....	201
Schizocrania filosa.....	202
Schuchertia magna.....	26
"Some Factors in the Geographic Distribution of Petroleum." By Maurice G. Mehl.....	55
"Some Suggested Experiments for the Graphic Recording of Speech Vibra- tions." By Robert James Kellogg.....	83
"Some Suggestions for Indicating Drilling Operations." By Maurice G. Mehl.....	169
Sonograph, description of.....	93
Sonoscope, description of.....	91
Spermatocyte Chromosomes of Anisolabis maritima Bon.....	240
SPRINGER, FRANK. "Additional Notes on Brassfield Echinodermata".....	81
Spyroceras bilineatum.....	213
Stasfurt Deposits.....	34
Stereoaster squamosus.....	28
Strophomena cf. incurvato.....	202
Structure Models, advantages of.....	164
the construction of.....	162
Tetradium fibratum.....	194
"The Importance of Drainage Area in Estimating the Possibilities of Petro- leum Production from an Anticlinal Structure." By Kirtley F. Mather and Maurice G. Mehl.....	143

INDEX

329

"The Kimmswick and Plattin Limestones of Northeastern Missouri." By Aug. F. Foerste.....	175
"The Manipulation of the Telescopic Alidade in Geologic Mapping." By Kirtley F. Mather.....	97
"The Use of Models in the Interpretation of Data for Determining the Struc- ture of Bedded Rocks." By Maurice G. Mehl.....	157
"The Use of Outline Charts in Teaching Vertebrate Paleontology." By Maurice G. Mehl.....	47
Trematis huronensis.....	203
Tripteroceras cf. planoconvexum.....	213
Zygospira deflecta.....	204
nicolleti.....	199
